Tackling the Cost-of-Living crisis

Families across the East of England are £1,600 a year worse off under David Cameron. Normal costs of living - like the weekly food shop, or paying your gas or electricity bill - are rising fast. But instead of helping ordinary families, David Cameron chose to give tax breaks to millionaires.

Labour will freeze your energy bills until 2017, expand free childcare for working parents and reverse David Cameron's tax break for millionaires. **Only voting Labour will send a message to this Tory-led Government to put hardworking families first.**

Working for you in Europe

Vote Labour to re-elect your hardworking Euro MP Richard Howitt and more Labour MEPs to champion jobs and investment in our region. Richard helped secure £330 million of EU cash for local jobs, transport and community projects, including £22 million for food banks for the most vulnerable - money the Tory-Lib Dem Government refuses to claim.

Tough but fair

Labour will be tough on those who unfairly exploit immigration rules and will ban recruitment agencies from hiring exclusively from abroad. The Conservatives and UKIP want to scrap your rights like paid holiday and maternity leave. Only Labour will defend these hard-won rights for everyone.

Protecting jobs, reforming Europe

373,000 jobs in the East of England rely on Britain's EU membership, with every household benefiting by £3,000 every year. Labour will fight for jobs that rely on European trade and guarantee a job for every young person unemployed for over a year, funded by a tax on bankers' bonuses. It is Labour who will secure real reforms to build a Europe that works for working people. Don't let the Tories or UKIP gamble with your job and Britain's future.

A better start for our children

Under David Cameron, the cost of childcare is rising. That's why a Labour government will guarantee 25 hours of free childcare every week for working parents of 3-4 year olds, funded by a tougher levy on the banks. Labour will fight in Europe to make sure our region gets its fair share of funding for families struggling to make ends meet.

You can't trust the Tories with the NHS

Labour eliminated long waits in A&E, but David Cameron has brought them back. The NHS has now lost thousands of nurses and frontline staff and experts are warning of a crisis in A&E.

This election is your chance to show David Cameron what you think of his A&E crisis. Help us to send a strong message that our NHS deserves better.

Labour will act to deal with David Cameron's cost-of-living crisis. We will:

- ✓ Freeze gas and electricity bills until 2017 and reform the energy market to prevent customers being ripped off
- ✓ Expand free childcare for three- and four-year-olds to 25 hours for working parents
- ✓ Get 200,000 homes built a year by 2020
- ✓ Get the next generation in to work, with a compulsory jobs guarantee for young people unemployed for a year or more
